ATTENTION YEAR 9 SCIENCE TEACHERS

Plate Tectonics in a Box

Professor Alan Collins of the Centre for Tectonics Resources and Exploration at the University of Adelaide, together with PhD Candidate Morgan Blades have kindly offered half day workshops in Plate Tectonics to suit Year 9 Science students.

These workshops can be arranged through your membership of the Geoscience Pathways Project and bus subsidies may apply.

Earthquake and seismometer activities are also available at Marden Senior College, by arrangement.

For all enquiries and bookings contact:
